

Detroit Jewel Stoves

Does your stove give you entire satisfaction?
If not, why not?

If you will give us the chance, we will relieve you of a care that you should not bear.

We sell only good stoves, and we guarantee what we say to you when you buy a DETROIT JEWEL STOVE, no matter what size it is.

The fuel you will save will pay for the difference in a short time if you conclude to relegate your old stove to the auction rooms.

The reasons are many, and would take up too much space to print them, why JEWELS are better than any other. The prices are right, and our terms of ONE-THIRD DOWN and BALANCE in FIVE EQUAL MONTHLY INSTALLMENTS is for your benefit.

THE IMPORTS OF TWO YEARS.

Continued from Third Page.

\$54,970 more than in the two years before.

The increase in the imports of saddlery, carriages and materials is simply marvelous, the figures being \$222,097 against \$118,068 in 1894-5, or nearly double. Truly business in that line may be said to be booming when the imports nearly double in a couple of years.

Sheathing metal might properly have been included with the item of iron and steel, especially as but \$1950.82 was imported, a decrease of \$12,548.

Shacks, bags and containers required an outlay of \$436,302, an increase of \$89,947 over the former period, due to the increase in the production of sugar.

That we are an educated and reading community is shown by the importation of books and stationery to the amount of \$191,124, and that our literary tastes and necessities are growing rapidly is conclusive from the further fact that these figures represent an increase of \$59,885 in two years.

In the single item of tea the figures ran up to \$64,860, as against \$48,337 for the preceding period, and we paid out \$22,500 for tinware, tin and materials, an increase of \$4196 over the former period.

The question was asked above if we were not an extravagant people? We must be when we can afford to pay out \$415,854 for tobacco and cigars in a couple of years, and the increase in the consumption of those articles compared with the former two years is represented by the figures \$42,452. With all the outcry against the liquor trade and the saloon business the people of Hawaii actually pay more than double for cigars and tobacco what they do for spirits, wines, ales, beer, cider and porter put together, and the figures given above prove it.

This is the end of the list. A hasty glance at the figures as a whole show that the proportion of such articles as are generally termed luxuries is very large compared to the whole. Without having the statistics of other countries to refer to, the assertion is ventured that in no other country in the world will be found anything like the same proportion. Verily, if we are not an extravagant and luxurious people, there is very little in the shape of luxuries that fails to find its way into our homes in some form or other. But it was not the purpose in calling attention to these figures to follow them up with editorial comment. They show for themselves.

At St. Andrew's Cathedral.

The lecture on Church history was well attended at St. Andrew's Cathedral last evening. Rev. Alexander Mackintosh dwelt upon the article of Confession as practised by the Roman and Anglican churches, showing how the significance of that important part of a Christian's faith has been misinterpreted. Future talks on Sunday evenings will tell of transubstantiation, the cult of the Virgin and other things connected with the division of the two great catholic bodies.

The mortar board caps have arrived from England for completing the vesting of the choir at matins, but owing to the absence of choirmaster Taylor the cassocks and caps will not be worn until Whitsunday. On next Wednesday evening at 7 o'clock the Bishop will hold a confirmation service at the Cathedral.

Whoa There

Pull up your noble animal at the time honored headquarters for horse and carriage outfitting, corner of King and Fort streets. Then step in and see the first instalment of absolutely the most select and largest stock of harness hardware and trimmings, and riding and driving accessories ever brought to Honolulu. Perhaps you noticed that the steamer Australia was a little lower down in the water than usual. Well, among other things, she brought to the

Manufacturing Harness Company

goods in the lines here mentioned, to wit:

Ladies' Driving Whips, a large assortment; Select Assortment of Trimmings for fine-made harness; Leather, direct from the tannery, such as has never before been imported to Honolulu; Horse Boots of all descriptions, Hoods, Sheets, Salt Sacks, Blanket Pins, Hobbles, in fact everything pertaining to race track outfits—for the glorious 19th of March, do you mind? Cable Trace Chains, Hames and Collars, etc., for our plantation friends.

And now the steamer "Zealandia" has arrived with more of these beautiful goods. Such glittering gear, but solid value—Bits in great variety, Trimmings that outshine Klondike gold, Rein Buttons, etc., everything good to pick from. Come in and see, it takes too much time to describe. When the "Zealandia" returns she will bring more still of this splendid stock.
